UNITED
WORKERS UNION

CROWN'S EA ISN'T REASONABLE!

Crown's latest EA offer is not good enough

- Pay rises of 3.25%, 3%, 3% are **below the recent minimum wage increase.**
- Sydney workers are already earning up to \$13/hour less than Melbourne for the same job – that's **\$24,000 a year less.**
- **Scrapping classifications** means our leave, super, and penalties are paid on a lower base.
- **No improvements to overtime** – we stay below industry standard.

What we're fighting for is fair

Union members have been clear:

- ✓ **Real pay increases** every year that keep up with the cost of living.
- ✓ **Fair career progression that recognises skills and experience.**
- ✓ Proper compensation for **overtime and higher duties.**

MORE INFO HERE:

These are fair and reasonable claims. Crown can afford them.

Workers won't fold and accept a deal that keeps them behind.

Vote NO to send Crown back to the table and fight for a fair and reasonable deal.

Disclaimer: This campaign expresses the industrial views of the United Workers Union and our members.
